

ECO LUXURY MEETS PERFORMANCE

Enhance Your Print. Protect Our Planet

OPTIPRINT Stone Paper isn't just an alternative – it's a breakthrough. Made primarily from calcium carbonate, with a non-toxic recyclable resin binder, it eliminates the need for trees, bleach and water in its creation. The result? A durable, waterproof and tear resistant material that performs beautifully. Every sheet is a promise : high performance quality wrapped in pure environmental innovation.

Redefining Paper.
Elevating Sustainability.

OPTIPRINT STONEPAPER

*"Sustainability has never looked
– or felt – this good."*
